You Can Make the Difference this Election!

In a few short weeks, we face the most important election of our lifetimes. The Kansas Democratic Party can gain strength by picking up new seats in Congress, the state house and senate, and keeping the current seats of our elected officials.

In addition to casting your important vote by advance ballot or at the polls on Nov. 2, there are a number of ways you can get involved and help Democrats win this November. Every Democratic voter in Kansas has the power to make a big difference this election!

First, contact your local county party and get involved in Get-Out-The-Vote efforts being organized across the state. Spending a few hours on November 2 calling voters, driving them to the polls or talking to your friends about our great Democratic candidates will ensure victory. Right now, you can make a difference by handing out advance ballot applications and mailing them to the county clerk, organizing a neighborhood vote drive and supporting your local candidates.

Only 51% of eligible Americans voted in 2000. In Kansas, we must encourage our Democratic voters to elect serious leaders who will work hard to create jobs, provide working families with affordable health care and ensure every child has a high quality education.

Help spread the word that the Democratic Party of Governor Kathleen Sebelius and Dennis Moore is the mainstream, common sense voice in Kansas. By working together, increasing voter turnout and support for our candidates, we can provide better access to health care, better schools and better jobs for the people of Kansas.

Remember to vote this November and encourage others by getting involved. If you have questions or need information, please call us at (785) 234-0425.

Did You Know?

The extreme conservative wing of the Republican Party has taken control from the current Party leadership.

During the August Primary, conservatives won a majority of the Republican precinct positions giving them control of the Party and the ability to choose a new conservative Chair person at the next meeting of their State Committee.

Governor Sebelius Seeks Legislative Support for Health Care and Education

Governor Kathleen Sebelius is working on two major initiatives for the next legislative session: implementing her new health care plan to help more Kansans obtain affordable insurance and finding solutions to our school funding shortage.

Improving health care and distributing school finance dollars fairly across the state will require intense coordination between the Governor and the legislature. As the November election approaches, the Kansas Democratic Party has many great house and senate candidates running to work with the Governor in the Kansas Legislature on these important issues.

This November, Kansans will elect the senate and house members who will make decisions on the pressing issues of school finance and health care access in the state. Our candidates need the votes and support of their districts this year more than ever. Kansans need more Democrats in the legislature to work for these vitally important issues. Our state cannot endure another Republican led legislature that spends its time bickering instead of fixing the problems of our state.

Support the Kansas Democratic Party!

The Kansas Democratic Party relies on financial support from people who believe in the Party's mission of electing more Democrats and building the Party at the grassroots level.
